

This list is in reverse chronological order, with the most recently published report listed first.

1074	Review of Boiler MACT Performance Test Data for Carbon Monoxide and Particulate Matter	08/2021
1073	Hydraulic Tracer Study Data Analysis Tool for Wastewater Basins: User's Guide	08/2021
1072	Review of Boiler MACT Initial Performance Test Data for Hydrochloric Acid and an Update to the Relationship Between Emissions and Fuel Content Provided in NCASI Technical Bulletin No. 1032	04/2021
1071	Particulate Matter Testing of Wood Handling Sources and Panel Presses	02/2021
1070	Evaluation of PM _{2.5} Emissions from a Natural Gas-Fired Package Boiler	10/2020
1069	An Exploration of In-Stream Effluent Concentrations at US Pulp and Paper Mills under Various Stream Flow Regimes	10/2020
1068	Wood Products Air Quality Technical Information Document: 2020 Update	09/2020
1067	Land Application of Wood Ash in North America: A Case Study Review	06/2020
1066	Current State of Knowledge and Research on Woodland Caribou in Canada	06/2020
1065	Review and Analysis of Boiler MACT Performance Test Data for Mercury	05/2020
1064	Guide to State-Specific Regulations on Beneficial Use of Manufacturing Residuals	12/2019
1063	Solid Residual Generation and Beneficial Use, and Wastewater Treatment Performance and Practices of the North American Pulp and Paper Industry	12/2019
1062	Quantification of Copper Speciation in Pulp and Paper Wastewater and Implications for the Biotic Ligand Model	12/2019
1061	Evidence for Lack of Foraging Niche Separation and Ongoing Competitive Exclusion of Northern Spotted Owls by Barred Owls in Oregon, USA	10/2019
1060	Forest Harvest Sustainability Metrics: A Review	10/2019
1059	An Update on the Burning of Alternate Fuels in the Forest Products Industry: Part II	10/2019
1058	Literature Review of Color Reduction Technologies for Kraft Pulp Mill Effluent – March 2017	10/2019
1057	Review of Water Reduction Technologies and Techniques for the Pulp and Paper Industry from 2000-2017	09/2019
1056	The Origin of Stream Temperature Criteria and Related Implications for Pulp and Paper Mill Discharges	07/2019
1055	Application of the Quebec Ministry of Environment Method MA.400-HYD.1.1 with the NCASI Cleanup Procedure for Analyzing Petroleum Hydrocarbons in Pulp and Paper Mill Influent, Effluent, and Wastewater Treatment Residuals	07/2019
1054	Compilation of Canadian Provincial and Federal Regulation Relevant to Pulp and Paper and Wood Products Facilities: 2019 Update	06/2019

1053	An Overview of the PEST Software Suite	05/2019
1052	Deriving Performance-Based Wastewater Permit Limits Using Upper Tolerance Limits	05/2019
1051	An Update on NO _x Control Limits and Technologies for Forest Products Industry Boilers, Kraft Recovery Furnaces, and Lime Kilns	05/2019
1050	Compilation of Air Toxics Emissions Data for Pulp and Paper Sources – Publication Accompanying the 2018 Air Toxics Emissions Data	09/2018
1049	Systematic Statistical Procedures for Emission Factor Development	09/2018
1048	NCASI Studies on Train Blank (Zero) Bias, Best Practices, and Detection Limits for USEPA Method 202	09/2018
1047	Performance Evaluation of Nutrient Test Kits for Use with Pulp and Paper Mill Wastewaters	05/2018
1046	Model-Based Forecasts of North American Forest Growth: A Review	01/2018
1045	Forest Growth Trends in the United States and Canada	01/2018
1044	Evaluation of <i>Escherichia coli</i> (<i>E. coli</i>) Measurement Methods When Applied to Woodyard Runoff	05/2017
1043	Summary of Full Dilution Series Whole Effluent Toxicity Test Results in Modern Pulp and Paper Treated Effluents	04/2017
1042	Greenhouse Gas Aspects of Using Forest Residuals for Energy Production in Forest Products Manufacturing Facilities	04/2017
1041	Implications of USEPA'S 2012 Recreational Water Quality Criteria to the Pulp and Paper Industry, with Mill Case Studies Characterizing Indicator Bacteria in Effluents	12/2016
1040	Evaluation of H ₂ S Ambient Measurement Instruments for Use in Kraft Mill and Wastewater Treatment Plant Atmospheres	12/2016
1039	Evaluation of the Relationship Between Effluent Chemistry and Bioassay Response	11/2016
1038	Effectiveness of BMPs for Reducing the Risk of Adverse Impacts of Herbicides on Aquatic Organisms	10/2016
1037	Conductivity in Streams: Science, Patterns, and Biotic Relationships	09/2016
1036	Long-term Receiving Water Study Data Compendium: January 2012 to December 2012	06/2016
1035	Effects of Process Parameters on Emissions from Wood Products Dryers	06/2016
1034	Summary of 2012 Chemical Data Reporting Rule Submissions by US Pulp and Paper Mills	02/2016
1033	The Test of Significant Toxicity: Evaluation and Comparison to Existing Statistical Methods Used to Assess Whole Effluent Toxicity Test Data	01/2016
1032	The Role of SO ₂ in Determining Hydrogen Chloride Emissions from Combination Bark-Fired Boilers	12/2015
1031	Herbicide Use Patterns on Corporate Forest Lands in the United States, 2011	07/2015

1030	Tertiary Nutrient Removal from Pulp and Paper Effluents by Chemical Addition and Membrane Filtration: A Laboratory Study	07/2015
1029	Application of ASTM Method D7065-11 for Determination of Nonylphenol, Nonylphenol Ethoxylates, and Bisphenol A in Pulp and Paper Mill Final Effluents	05/2015
1028	A Review of Mercury Emissions and Control in Wood and Combination Wood-Fired Boilers	03/2015
1027	Development and Evaluation of a Method for Measuring Dissolved Sulfide in Pulp and Paper Mill Wastewaters	03/2015
1026	A Comprehensive Compilation and Review of Combination Wood-Fired Boiler Emissions	02/2015
1025	Bioassessment Programs and Measured Endpoints in the United States	01/2015
1024	Evaluation of EPA Method 610 for Determination of Polycyclic Aromatic Hydrocarbons in Pulp and Paper Mill Final Effluents	10/2014
1023	Long-Term Receiving Water Study Data Compendium: January 2011 to December 2011	06/2014
1022	A Summary of Conservation Planning Efforts for Forested Regions in the United States: 2014 Update	05/2014
1021	Life History, Water Quality, and Habitat Needs of Sturgeon Species: A Literature Review	03/2014
1020	Compilation of Criteria Air Pollutant Emissions Data for Sources at Pulp and Paper Mills Including Boilers - An Update to Technical Bulletin No. 884	11/2013
1019	<i>Mytilus galloprovincialis</i> (Bivalve) and <i>Ceriodaphnia dubia</i> (Water Flea) Responses to Black Liquor in Laboratory Treated Effluents	11/2013
1018	Response of Fathead Minnow (<i>Pimephales promelas</i>) and <i>Ceriodaphnia dubia</i> to Mill Effluent Exposure: Pattern Changes Associated with Pulp and Paper Mill Process Upgrades	11/2013
1017	Water Use Performance and Practices Within the Non-Deink Recycle Sector	11/2013
1016	Greenhouse Gas and Fossil Fuel Reduction Benefits of Using Biomass Manufacturing Residuals for Energy Production in Forest Products Manufacturing Facilities (*originally published 10/2013 and re-issued with major revisions in 08/2014)	*10/2013
1015	A Review of Biomass Carbon Accounting Methods and Implications	07/2013
1014	PCBs in the Environment: A Summary of their Distribution and Sources Relevant to Total Maximum Daily Load Studies	06/2013
1013	A Comprehensive Compilation and Review of Wood-Fired Boiler Emissions	03/2013
1012	Long-Term Receiving Water Study Data Compendium: January 2010 to December 2010	03/2013
1011	Long-Term Receiving Water Study Data Compendium: January 2009 to December 2009	03/2013
1010	Effects of the Phytosterol Beta-Sitosterol on Early Life Stages and Life Cycles of Fathead Minnows (<i>Pimephales promelas</i>) and <i>Ceriodaphnia dubia</i>	03/2013
1009	Cost Considerations for Modification of Existing Pulp and Paper Wastewater Facilities to Achieve Very Low Effluent Nutrient Content	03/2013

1008	Performance and Recommendations for the Selection of Stream Reaeration Rate Equations	02/2013
1007	The Effect of pH on the Toxicity of Substances Present in Pulp and Paper Mill Effluents: A Literature Review	01/2013
1006	Spatial and Temporal Water Quality Patterns in the Long-Term Receiving Water Study Rivers	01/2013
1005	A Review of the History and Scientific Basis of Species at Risk Assessments in Canada	01/2013
1004	Considerations and Statistical Approaches for Effects-Based Site-Specific Numeric Nutrient Criteria	01/2013
1003	Methods for Open-Loop Recycling Allocation in Life Cycle Assessment and Carbon Footprint Studies of Paper Products	12/2012
1002	Methods for Co-Product Allocation in Life Cycle Assessment and Carbon Footprint Studies of Forest Products	12/2012
1001	Sex Steroid and Vitellogenin Measurements in Fish Exposed to Pulp and Paper Mill Biologically Treated Effluents: A Literature Review of Methods and Findings	12/2012
1000	Mechanistic Approach for Estimating Hydrogen Sulfide Emissions from Wastewater Treatment Plants	12/2012
999	Patterns of Mosquitofish (<i>Gambusia Sp.</i>) Masculinization with Effluent Exposure: Reduced Response Between 1993 and 2001	09/2012
998	Methane and Nitrous Oxide Emissions from Biomass-Fired Boilers and Recovery Furnaces	09/2012
997	The Presence, Fate, and Ecological Significance of Hydrogen Sulfide in Pulp and Paper Mill Effluents	08/2012
996	A Review of Procedures for Estimating Methane Emissions from Aerated Stabilization Basins	03/2012
995	Comparative Study of Total Nitrogen and Total Phosphorus Digestion Methods in Pulp and Paper Mill Wastewaters	01/2012
994	Beneficial Use of Woody Biomass for Energy and Other Purposes	12/2011
993	Long-Term Receiving Water Study Data Compendium: January 2008 to December 2008	11/2011
992	Relationships Between Intensive Biomass Production and Biodiversity in North American Forests - A Literature Review	10/2011
991	Characterization, Measurement, and Reporting of Volatile Organic Compounds Emitted from Southern Pine Wood Products Sources	09/2011
990	Control and Fate of Small Spills and Accidental Releases of Petroleum Products During Forestry Operations	08/2011
989	The Potential for Biogenic Formation of Acetone, Methyl Ethyl Ketone, and Toluene in Pulp and Paper Mill Residuals	07/2011
988	Comparison of Road Surface Erosion Models with Measured Road Surface Erosion Rates	07/2011
987	Review of Air Emission Source Test Methods Used in Canada	07/2011

986	Effects of Effluents from Two Mills with Douglas Fir Furnish on Early Life Stages and Life Cycles of the Fathead Minnow and <i>Ceriodaphnia dubia</i>	07/2011
985	Summary of the Literature on the Treatment of Paper and Paper Packaging Products Recycling in Life Cycle Assessment	05/2011
984	Greenhouse Gas and Non-Renewable Energy Benefits of Black Liquor Recovery	04/2011
983	The Role of Forest Management in Maintaining Conservation Values	04/2011
982	A Summary of Conservation Planning Efforts in Forested Regions of the United States: 2010 Update	04/2011
981	A Review of Color, Color Measurement, and Color Formation in Pulp and Paper Mill Sewers and Wastewater Treatment Plants	03/2011
980	Relationship of Sulfur Input to SO ₂ Emissions for Kraft Mill Lime Kilns	03/2011
979	Summary of 2006 Inventory Update Rule Submissions by U.S. Pulp and Paper Mills	08/2010
978	An Update on the Burning of Alternate Fuels in the Forest Products Industry: Part I - Petcoke and Tire-Derived Fuel	07/2010
977	Effects of Activated Sludge Treated Bleached Kraft Effluent from a Mill with Oxygen Delignification and Elemental Chlorine Free Bleaching on Early Life	07/2010
976	Selected VOC Emissions from Brown Stock Washers, Unbleached Paper Machines and Black Liquor Oxidation Systems at Post-MACT Kraft Pulp Mills	04/2010
975	Water Profile of the Canadian Forest Products Industry	03/2010
974	Characterization, Toxicology, and Management and Treatment Options for Wood Pile Leachates and Runoff - Part II: Case Studies	03/2010
973	Compilation of 'Air Toxic' and Total Hydrocarbon Emissions Data for Pulp and Paper Mill Sources – A Second Update	02/2010
972	Using Monte Carlo Analysis to Characterize the Uncertainty in Final Acute Values Derived from Aquatic Toxicity Data	01/2010
971	Assessment of Test Methods for Enumeration of <i>Escherichia coli</i> (<i>E. coli</i>) and Enterococci in Pulp and Paper Mill Wastewaters	12/2009
970	Forest Herbicide Effects on Pacific Northwest Ecosystems: A Literature Review	12/2009
969	Effects of Forest Management on Water Resources in Canada: A Research Review	12/2009
968	Water Use Performance and Practices at Low Water Use Mills	11/2009
967	Summary of NCASI's Effluent Nutrient Biodegradation Study Results	10/2009
966	Compendium of Forestry Best Management Practices for Controlling Nonpoint Source Pollution in North America	09/2009
965	The Potential Influence of Effluent-Related Dissolved Solids on Chronic Whole Effluent Toxicity Test Results with <i>Ceriodaphnia dubia</i> and <i>Selenastrum capricornutum</i>	09/2009
964	Wildlife Responses to Stand-Level Structural Retention Practices in the Boreal Forest	08/2009

963	Long-Term Receiving Water Study Data Compendium: January 2007 to December 2007	07/2009
962	Long-Term Receiving Water Study Habitat Assessment: Methods and Findings	07/2009
961	A Review of the Relationship Between Flow, Habitat, and Biota in Lotic Systems and Methods for Determining Instream Flow Requirements	03/2009
960	Water Profile of the United States Forest Products Industry	03/2009
959	Fragmentation in the Boreal Forest and Possible Effects on Terrestrial Life	12/2008
958	Biodiversity Response to Stand Structural Features in Southern Pine Forests: A Literature Review	12/2008
957	Spatial Ambient Air Sampling and Analysis Methods for Quantifying Reduced Sulfur Compound and Methane Emissions From Kraft Mill Wastewater Treatment Plants	11/2008
956	Emissions of Reduced Sulfur Compounds and Methane from Kraft Mill Wastewater Treatment Plants	09/2008
955	Aspen in the Lake States: A Research Review	09/2008
954	The Biological Basis for Forest Practices Rules for Retaining Coarse Woody Debris in Managed Forests of the Pacific Northwest	09/2008
953	NCASI Method AQ-S108.01 - Anthraquinone in Uncoated Papers and Market Pulps by Soxhlet Extraction and GC/MS	07/2008
952	Formation, Release and Control of Reduced Sulphur Compounds from Kraft Pulp and Paper Facilities.	07/2008
951	Long-Term Receiving Water Study Data Compendium: January 2006 to December 2006	07/2008
950	Evaluating Trends in Hydrophobic Organic Contaminants in Biological Tissues Using Linear Regression	05/2008
949	Summary of Industry Experience with Odor Minimization at Wastewater Treatment Plants	05/2008
948	Long-Term Receiving Water Study Field Methods Compendium - 2007	05/2008
947	A Summary of Conservation Planning Efforts in Forested Regions of the United States	03/2008
946	Estimating Water Consumption at Pulp and Paper Mills	02/2008
945	Adsorbable Organic Halide (AOX) Analytical Method Performance at Bleached Papergrade Sulfite Mills and Findings of an AOX Source Investigation	02/2008
944	Minimization of Nutrients in Biologically Treated Effluents from Pulp and Paper Mills	12/2007
943	Summary of Treated Effluent Color Loads, Permit Limits, and Water Quality Standards for U.S. Pulp and Paper Mills	11/2007
942	Measurement of PM, PM10, PM2.5 and CPM Emissions from Paper Machine Sources	11/2007
941	A Review of Macroinvertebrate and Fish Metrics and Indices of Biotic Integrity: Spatial and Temporal Patterns in the Long-term Receiving Water Study Rivers	11/2007

940	Nutrients and Other Factors Affecting Lotic System Algae: An Overview with a Summary of Findings from the Long-term Receiving Water Study	11/2007
939	State of Knowledge and Analysis of Current Research on Woodland Caribou in Canada	09/2007
938	Synthesis of Technical Information on Forest Wetlands in Canada	08/2007
937	Synthesis of NCASI Information on the Management of Nutrients for Biological Treatment of Pulp and Paper Mill Wastewaters	07/2007
936	Modeling and Parameter Estimation for Transformations among Various Forms of Nitrogen in Pulp and Paper Mill Effluents	07/2007
935	Water Column Chlorophyll A Patterns in the Long-Term Receiving Water Study Rivers	07/2007
934	A Review of Ungulate Nutrition and the Role of Top-Down and Bottom-Up Forces in Woodland Caribou Population Dynamics	06/2007
933	Development and Application of a Method for Measuring Reduced Sulfur Compounds in Pulp and Paper Mill Wastewaters	06/2007
932	Long-Term Receiving Water Study Data Compendium: January 2005 to December 2005	06/2007
931	Beneficial Use of By-Product Solids from the Kraft Recovery Cycle	04/2007
930	Total Reduced Sulphur, Hydrogen Sulphide, Chlorine, Chlorine Dioxide, Chloroform and Methanol and The Forest Products Industry	04/2007
929	Nutrient Diffusing Substrate Experiments in the LTRWS Rivers and the Androscoggin River, Maine: Summary of Findings and Next Steps	03/2007
928	A Review of Canadian Forest Products Industry Landfill Design, Construction, Operation and Closure	12/2006
927	The Potential for Bioaccumulation, Bioconcentration, and Biomagnification of Selected Metals in an Aquatic Food Chain: A Literature Review	12/2006
926	The Relationship between Algal Metrics and Nutrients in the Long-Term Receiving Water Study Rivers: Spatial and Temporal Variation	12/2006
925	Energy and Greenhouse Gas Impacts of Substituting Wood Products for Non-Wood Alternatives in Residential Construction in the United States	11/2006
924	Similarities and Differences between Harvesting- and Wildfire-Induced Disturbances in Fire-Mediated Canadian Landscapes	10/2006
923	Nutrient-Algae Patterns of Periphyton and Water Column Chlorophyll A in the Long-Term Receiving Water Study Rivers: Variation with Site, Season, and Year	09/2006
922	Structural and Functional Roles of Riparian Management Areas in Maintaining Stream Values in the Acadian Forest	08/2006
921	Laboratory Evaluation of a Modified Method 25A VOC Sampling System	08/2006

920	Effects of a Biologically Treated Bleached Kraft Mill Effluent from a Mill with Oxygen Delignification and Elemental Chlorine Free Bleaching on Adult Fathead Minnows (<i>Pimephales promelas</i>) during a 21-day Reproduction Bioassay and Comparison to a Complete Life-Cycle Bioassay	08/2006
919	Review of Color Control Technologies and Their Applicability to Modern Kraft Pulp Mill Wastewater	08/2006
918	Long-Term Receiving Water Study Data Compendium: September 2003 to December 2004	06/2006
917	Effects of Biologically Treated Bleached Kraft Mill Effluent from a Mill Practicing Oxygen Delignification and Elemental Chlorine Free Bleaching on Early Life Stages and Life Cycles of the Fathead Minnow (<i>Pimephales promelas</i>) and <i>Ceriodaphnia dubia</i>	06/2006
916	Effects of Biologically Treated Thermomechanical Pulp Mill Effluent (TMP) on Early-Life Stages and Life Cycles of Fathead Minnow and <i>Ceriodaphnia Dubia</i>	04/2006
915	Evaluation of Models for Predicting Effluent Temperatures at Pulp and Paper Industry Wastewater Treatment Plants	03/2006
914	An Analysis of Factors Affecting Long-Term NOx Emissions from Wood-Fired Boilers	02/2006
913	A Review of Integrated Watershed Assessment Tools, Nonpoint Source Models (HSPF and SWAT) and Data in EPA's BASINS 3.0 and 3.1	02/2006
912	Potential for Metals Contamination from Grinding Bark or Wood Samples and a Comparison between Dry and Wet Ashing Sample Preparations	01/2006
911	Characterization, Toxicology, and Management and Treatment Options for Wood Pile Leachates and Runoff: Part I – Literature Review	12/2005
910	Improved Cleanup Procedure for Canada-Wide Reference Method for Petroleum Hydrocarbons in Soil	12/2005
909	Defining Old-Growth in Canada and Identifying Wildlife Habitat in Old-Growth Boreal Forest Stands	12/2005
908	Riparian Zone Forest Management and the Protection of Biodiversity: A Problem Analysis	10/2005
907	Using Biophysical Factors to Predict Regional Biodiversity Potential in the Pacific and Inland Northwest	10/2005
906	Alternative Fuels Used in the Forest Products Industry - Their Composition and Impact on Emissions	09/2005
905	Bacteriological Assessment of Pulp and Paper Mill Effluents	09/2005
904	Odorous Emissions from Wood Products Facilities	09/2005
903	Review of Mercury Speciation in Water Quality Models	08/2005
902	Material Substitution to Reduce Mercury Concentrations in Pulp and Paper Industry Final Effluents	08/2005
901	The Importance of Data Quality in a Stream Temperature Model	05/2005

900	Compilation of Alternative Landfill Cover Experience Using Wastewater Treatment Plant Residuals	05/2005
899	The Effects of a Bleached Kraft Mill Effluent on Periphyton and Macroinvertebrates in a Streamside Mesocosm Study - Willamette River, Oregon	05/2005
898	Condensable Particulate Matter Emissions from Sources Equipped with Wet Scrubbers	03/2005
897	Long-Term Receiving Water Study Data Compendium: September 2002 to August 2003	03/2005
896	Long-Term Receiving Water Study: Codorus Creek Water Quality Assessment 1997 to 2003	03/2005
895	Smelt Dissolving Tank TRS Emissions: A Review of the Impact of Operating Variables and Scrubber Characteristics	02/2005
894	Composting of By-Product Solids from the Pulp and Paper Industry	02/2005
893	Ecological Interactions Among Caribou, Moose, and Wolves: Literature Review	12/2004
892	Bird - Forestry Relationships in Canada: Literature Review and Synthesis of Management Recommendations	12/2004
891	Long-Term Receiving Water Data Compendium: September 2001 to August 2002	11/2004
890	A Quantitative Approach to Assessing the Length of Long-term River Studies	11/2004
889	The Effects of a Bleached Kraft Mill Effluent on Periphyton and Macroinvertebrates in a Streamside Mesocosm Study – Leaf River, Mississippi	11/2004
888	Review and Evaluation of EPA Ambient Water Quality Criteria for Nutrients in Rivers and Streams	11/2004
887	Effects of Heavy Equipment on Physical Properties of Soils and Long-term Productivity: A Review of Literature and Current Research	10/2004
886	The Toxicity of Silvicultural Herbicides to Wildlife; Volume Two: Glyphosate and Imazapyr	10/2004
885	Managing Elements of Biodiversity in Sustainable Forestry Programs: Status and Utility of NatureServe's Information Resources to Forest Managers	08/2004
884	Compilation of Criteria Air Pollutant Emissions Data for Sources at Pulp and Paper Mills Including Boilers	08/2004
883	Factors Affecting NOx Emissions from Steam Stripper Off-Gas Combustion in Thermal Oxidizers	08/2004
882	Methanol and Total VOC Emissions from Cylinder Paperboard Machines	08/2004
881	Biocriteria: Summary of State Programs and Assessment of Validity, 2004	07/2004
880	An Evaluation of Habitat Assessment Methods for Determining Gradients on Rivers Using Long-Term Receiving Water Study Data from Codorus Creek, Pennsylvania	07/2004
879	Biodegradability of Organic Nitrogen and Phosphorus in Pulp Mill Effluents	06/2004
878	The Effect of Data Availability and Model Complexity on the Buxahatchee Creek TMDL	05/2004

877	Dynamics of Coarse Woody Debris in North American Forests: A Literature Review	05/2004
876	Use of Constructed Wetland Effluent Treatment Systems in the Pulp and Paper Industry	05/2004
875	Nationwide Evaluation of Mercury and Chlorine in Bark and Stemwood	04/2004
874	Canadian Environmental Protection Act Aldehydes (Formaldehyde, Acetaldehyde, and Acrolein) and the Forest Products Industry	04/2004
